

Praying *Day 1*

at times like these:

In faith, knowing that God answers prayer...

*"Faith does not operate in the realm of the possible.
There is no glory for God in that which is humanly
possible. Faith begins where man's power ends."*

George Müller

Why should I pray?

In the event of a disastrous situation, God advised Solomon to do this:

"...If my people who are called by my name, will humble themselves and pray and see my face and turn from their wicked ways, then I will hear from Heaven, and I will forgive their sin and will heal their land."

This situation is a call for us to affirm our dependence on God.

What should I pray?

- That the virus may be contained
- That people around the world will cooperate
- For Heads of State, that they will act with wisdom and understanding
- Adequate medical facilities to be available for those in need
- The medical professionals in high risk countries as they serve round the clock for strength and wisdom
- SU movements in countries where work programs are suspended and teams are looking for creative ways to reach and comfort people
- That the world will know that there is hope in Christ, the Hope of all nations

Global Update

The number of recorded COVID-19 cases are rising exponentially and recorded infections worldwide have now overtaken the number of cases in China.
